ELECTION OF DIRECTORS/OFFICERS

As per Clause 29 of the North Kirra SLSC Constitution

- 29.1 (a) Nominations for candidates to be elected to the Management Committee shall be called for by the
Association forty-two days prior to the Annual General Meeting.
- (b) When calling for nominations the Association shall also provide details of the necessary qualifications
including the requirements under the Act and job description for the positions (if any).
Qualifications
and job descriptions shall be as determined by the Management Committee from time to time.
- (c) Nominations of candidates for election as Committee Members (including the President) shall be:
- (i) made in writing, signed by two Members and accompanied by the written consent of the nominee (which may be endorsed on the form of nomination) and
 - (ii) delivered to the Association not less than (14) days before the date fixed for the holding of the Annual General Meeting, and the Association shall send the nominations to the Members entitled to receive notice under this Constitution together with the agenda for that General Meeting.
- (d) If insufficient nominations are received to fill all available vacancies on the Management Committee
the candidates nominated shall, subject to a secret ballot by the Members confirming their election and if elected declaration by the chairman, be deemed to be elected.
- (e) If the number of nominations received is equal to the number of vacancies to be filled, the persons nominated shall, subject to a secret ballot by the Members confirming their election and if elected, declaration by the Chairman be deemed to be elected.
- (f) If the number of nominations exceeds the number of vacancies to be filled, voting papers shall be prepared containing the names of the candidates in alphabetical order, for each vacancy on the Management Committee.

VOTING

As per Clauses 23, 24, 25 & 29 of the North Kirra SLSC Constitution

- 23.4 At any meeting a resolution put to the vote of the meeting shall be decided on a show of hands unless a poll is (before or on the declaration of the result of the show of hands) demanded by:
- (a) the chairman; or
 - (b) a simple majority of Members, who are eligible to vote as per Clause 11
- 24.1 Each member over the age of 15 years and entitled to vote as set out in Clause 11.1 shall have one vote at General Meetings which, subject to this Constitution, shall be exercised by that Member.
- 24.2 Where voting at General Meetings is equal, the chairman may exercise a casting vote.
- 25 (a) Proxy voting shall not be permitted at any General Meeting.
- 25 (b) Postal voting shall not be permitted at any General Meeting.
- 29.2 Elections shall be conducted by secret ballot and otherwise by such means as is prescribed by the Management Committee.

President's Report

Season 2021/2022 has been another eventful year, but once again we have seen our members adapt and excel and the club has stood strong and continued to grow throughout.

Our junior activities memberships grew substantially this year, particularly on the back of referrals from existing members which is very pleasing. Our supportive and friendly nipper program is being well received and it has been great to see the development of our nippers throughout the season, despite an interrupted season with COVID, weather and carnivals. Thanks once again to Jon Stride and the Junior Activities committee for a great season and we look forward to introduction of the new nipper education program next season. Congratulations to all our nippers for their participation and to the supporters that have assisted regularly in all areas of the program.

Our patrolling members have once again excelled, volunteering over 5,000 hours of their valuable time to keep our beach visitors safe, which is a great feat for our small membership base. The season has brought COVID and border restrictions, possible vaccination mandates, tsunami warnings and floods to navigate, but I am proud to say that we have come through all of this as a strong team and once again had no major incidents on our beach this season. A sincere thank you from myself for the contribution you are all able to make to the club whether it is big or small - the club cannot do it without you. Also, a special thanks to Mick Delahunt as Club Captain and Aurah Allard-Delahunt as Vice Club Captain, for their contribution in ensuring that our patrol obligations were met at all times and to Isaac Ohlson, Josh Clemson and David Macknish for their dedication to the training of our members. I look forward to celebrating all our achievements at the upcoming Annual Presentation Dinner.

This season was a big year for carnivals for North Kirra, hosting the Gold Coast City Titles, Branch Youth Titles and the majority of The Aussies. The Aussies particularly, was a major fundraiser for the club but the effort and hours that went into ensuring these carnivals ran smoothly cannot be understated. Thank you to all our members that helped out in any role throughout. Also, our thanks go to the Point Danger Branch team for their assistance during the Branch run carnivals and to the SLSA team for their assistance during Aussies. It was a pleasure to host these carnivals and to showcase our club to all the clubs from around Australia.

In the Surf Sports arena, North Kirra was once again Runner Up in the Point Danger Branch Surf Rescue Championships with a number of our members qualifying for the State carnival. There were some interruptions to the carnival calendar due to flooding and weather events, but we also had members compete in Branch, State and Australian carnivals across all age divisions with some notable results along the way. Some of our club members continued to compete with Kirra SLSC in IRB Racing, also enjoying success in a reduced calendar of events, winning the Ocean Roar Series.

I am also proud to confirm that our major bathroom renovation was completed this season, with upgrades also done to the Supporters Club bathrooms at the same time. This was a long, noisy process but a great modern result that has been very well received. We also celebrated the opening of NK Café on the beachside of the club, which is a welcome addition to our operation. We look forward to seeing it grow and develop over the years.

Finally, my sincere thanks must go to my fellow committee members, our Patron George Doniger and our Operations Manager Meagan Lowns, for their dedication once again this season. We recently celebrated with a Life Members event at the club which was a wonderful event with a very large turnout of past and current members. It was extremely pleasing to see and really displayed the success of the Club with all the history and where it is now today as a result of numerous years of hard work by many.

I look forward to seeing everyone back on the beach again for Season 2022/2023.

Craig Lowns

Club Captain's Report

Thank you to everyone for another great 2021/2022 season on North Kirra Beach! Over a massive 5147.5 total patrolling (and water safety) hours at North Kirra beach, we have seen 7,850 swimmers between our flags and 89,481 beach users. With these huge numbers of people on our beach, it is a testament to our patrolling members supervision and preventative actions that 2,152 people were warned. In addition, 61 instances of first aid were provided to beach users.

Our patrol strength has been shown continually despite challenges of COVID isolations, some crazy weather events and flooding. We have strong and established patrol groups that rarely need assistance to fill patrol requirements. With 12 patrol groups, most people were rostered 1 patrol per 3 weeks not including public holidays. This ensures people are not required to be on patrol every week although some have chosen to. This shows that with the assistance of everyone, however much it may be, together as a club we can provide this vital community service.

We have had 3 patrol inspections this year, all of which we were given 100% scores on! This shows that North Kirra has all equipment in appropriate condition, the correct procedures in place to meet patrol requirements and members that are skilled and knowledgeable.

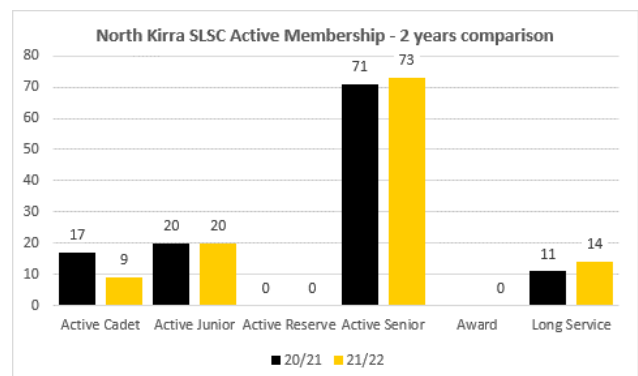

Although our perfect scores of patrol inspections show we are continuing to meet patrol requirements, upskilling members is an important part of our ongoing patrol strength for further years. This season we have had 8 members from the U14 nipper age group gain their Surf Rescue Certificate over their SRC camp and go on to join patrol groups. Additionally, 6 new and continuing members have gained their Bronze Medallion. We have

also had many patrol members renew expiring awards and gaining new awards including IRB crew and drivers certificates. This further improves our patrol strength and ensure continued education.

Looking forward to next year, we hope to continue to encourage new membership, nippers progressing through junior and into the senior club and retaining the amazing members we already have. We appreciate the commitment and continue to encourage our youth members who are making the effort to patrol in a stage of life where life commitments can make it hard at times.

Special thanks must go to Aurah for her assistance as Vice Club Captain over the past couple of years, making the job of Club Captain that much easier. Thanks also to Meagan Lowns for her assistance with the paperwork and office requirements associated with patrols and proficiencies.

Finally, thank you to all our patrolling members for their efforts this year in patrolling the beach and also taking great care of the equipment that we need to keep the beach safe. Also, a big thank you to our patrol captains who are not only extremely knowledgeable but amazing leaders and mentors to their patrol groups and the younger members in our club. We are looking forward to a well-deserved off season and another great 2022/2023 season!

Chief Instructor's Report

Throughout the past season, North Kirra members took part in a range of courses that were aimed at developing their surf lifesaving skills. This included Advanced Resuscitation Techniques (ART), First Aid and Silver Medallion Beach Management (i.e. Patrol Captains). Many of the training opportunities would not have been possible without the generous support of neighbouring clubs, Point Danger Branch and SLSQ. The club is extremely grateful to everyone who contributed their time and efforts.

North Kirra had four courses that ran throughout this season. One Bronze Course, one IRB Drivers Course, one IRB Crewperson Course and the SRC Course. There were 6 members in the Bronze Course, 3 in the IRB Crew Course, another 3 in the IRB Drivers Course and 8 nippers in the SRC award. All members were successful in achieving their awards with everyone passing with flying colours. I would like to thank Craig Lowns, Michael Delahunt, David Macknish and Josh Clemson for their help with training and assessing the Bronze Course and I would like to thank again Michael Delahunt and Josh Clemson for their help with both IRB courses.

We also had the SRC camp again this year which was a lot of fun. Thank you to Paul Nel, Under 14s Age Manager, and his team for letting me jump on the SRC camp. As Age Managers, you guys did a great job throughout the years which made the whole weekend run smoothly.

I would like to give Meagan Lowns a massive thank you for getting all the paperwork completed and doing all the behind the scenes work that made the training run smoothly.

Can't wait to see what training lays ahead for next season.

Treasurer's Report

It has been another busy year for the surf club resulting in a strong financial position for the club. The financial performance speaks to the great support from our members, staff, and the general community. Including thousands of hours of volunteer time throughout the year at nippers, carnivals, and events. We are truly thankful to everyone for their support of North Kirra. We have stood together throughout the challenging times of the past few years, and our club is much stronger because of it.

The committee has continued to execute against the projects outlined in the strategic plan. Over the past 12 months significant work and investment has gone into the female and male surf and supporters club bathroom renovations, the opening of the new Café and the upgraded office. Over \$160,000 was invested in these projects over the past year.

With regards to surf club equipment, we invested in six new rescue boards, twelve new nipper boards and a new 4WD for the club.

On the horizon for next year, we will be investing in a new outer deck roof for the supporter's club and finalising the upgrade to the female dorm room bathrooms. Additionally, we will be upgrading the Supporter Club doors to be automatic opening. Planning will also begin for the outside garage which is expected to be located on the south side of the club.

The Supporter's Club had a relatively strong performance during this financial year. During this financial year a total of \$280,000 was donated to the Surf Club, which is an exceptional result. This strong financial performance has resulted in solid cash reserves for the club exceeding \$660,000 at the end of the Financial Year. This positions the Club in a very strong situation to plan for the future and ensure we can continue to maintain and optimise our facilities.

Thank you to our valuable members that continue to volunteer their time and to the public for their donations and support for both the Supporters club and our local events. As always, the phenomenal North Kirra community has demonstrated the strong culture of support and dedication we have in our club. I encourage all members to review the financials from page 43 of this Annual Report for further detail on income and expenditure items.

Junior Activities Report

Season 2021/2022 was another successful season for the North Kirra Nipper program.

Our Nipper numbers increased by over 50% from the previous season. This was an unplanned boost to our numbers and created the opportunity for growth within our volunteer group. This season we focused on ensuring that our Nippers continued to develop their core Life Saving skills as well as their confidence, leadership and cooperation through participation at Nippers.

As well as our normal Sunday morning program, the season also included Club Champs (in challenging conditions), themed Nipper days, cancellations due to unfavourable weather, tsunami warnings, border closures and new processes for checks in. Despite the interruptions we saw an increase in skills and confidence across all our Nipper groups on the beach and in the water.

Throughout the season North Kirra was well represented at Junior Branch and Junior State Carnivals. It is always great to hear of the sportsmanship and comradery demonstrated by our competitors and their families. Thanks again to those that volunteer their time tirelessly to support our carnival team. North Kirra also hosted a number of Junior Carnivals. Surf sports is just one of the many pathways in Surf Life Saving and we appreciate the time and assistance of the many, many volunteers that help at Carnivals.

As we look to next season, we have already begun planning for the new Nipper Education program. It aligns well with our current practices, and we look forward to seeing our nippers further develop their skills and confidence on the beach.

Thank you to the North Kirra Surf Club Committee, George Doniger (our Club Patron) and Meagan Lowns for your ongoing support and enthusiasm for the North Kirra nipper program.

Of course, the success of our Nippers (which is run by volunteers) would not be possible without the continued support of our Sunday helpers (parents, grandparents, aunts/uncles, siblings, NK Club members and local community members). Thank you for your time, your energy and dedication to our program. Thank you for your willingness to adapt and take on new challenges.

See you on the beach in September!

Youth Activities Report

This season we had a quieter year but still with plenty of fun along the way. We had plenty of patrols (quite a few of them surveillance patrols due to the weather and carnivals), Team Xtreme for some of our youth members, some other various courses and camps, some carnival competition and a couple of social activities.

Throughout the year we had Hannah Yates receive a Branch Youth of the Month award for her continued dedication to patrols – this year a staggering 254.75 hours. Congratulations Hannah and thank you for your commitment to the Club. We also had a very impressive list of youth members participate in the PDB Surf Rescue Championships. This carnival is a great one to display your abilities across all areas of lifesaving, so it was very pleasing to see so many of our Youth members involved. Many qualified for the State Championships, but with it being held in Bundaberg we didn't have anyone participate. The majority of our youth members medalled at Branch which was a fantastic achievement – congratulations to all for having a go.

Each season also brings the end of the nipper journey for our Under 14 members, welcoming them into our youth program. We congratulate the 8 youth members that achieved their SRC award in November. Like always, they all enjoyed their weekend SRC camp and participated in some fun activities during their club stayover. Thank you to Paul Nel and his team for bringing this group through and we look forward to seeing them develop further next season.

This year we held our Red & Yellow Day with our nippers again as part of SOS Week fundraising and we also held a karaoke night at our Christmas social event. We also had a number of our youth members help out extensively with the nipper program. Whether your role was an Assistant Age Manager or water safety, thank you for volunteering your time to help our younger members develop their skills. We also had Richard Du Plessis attend the GC Youth Development Camp and hear he was a great role model for North Kirra – congratulations Richard.

To end the season, we had 4 of our youth members attend the Gold Coast Youth Ball with chaperones Fianna Wilkinson and Paul Nel – it looks like it was a fun night for all.

We look forward to next season.

IRB Patrol and Competition Report

Thanks to all of our patrol captains, drivers and crew persons for their assistance this season. We were able to cover all patrol requirements and keep well-maintained, high quality equipment on the beach at all times. Thanks to everyone for helping keep our gear in top condition by following correct set up and pack up procedures which prolongs the lifespan of this expensive piece of patrol equipment.

We managed to complete the season having no injuries or major breakages of equipment which is pleasing to see the hard work of training and continued improvement of skills whilst on patrol paying off. General off-season services and maintenance is all that is required to have the gear ready for the upcoming patrol season.

The only major purchase this season was a new trailer which can be used on the beach for patrol and is also registered for on road use. This should help limit damage to the boat and also make loading and unloading easier for our members.

We ran very successful driver and crew courses this season and it was great to see members take these opportunities to gain new skills and also improve the strength of our patrol groups. I look forward to seeing these people continuing to improve the new skills and hope to see many new faces next season wanting to get into the boat and have some fun.

Competition Report

Once again, we had a group of members competing with the Kirra IRB Team in the offseason. The team was very consistent in all rounds of the Ocean Roar Series and managed to takeout the overall point score.

On achieving this we were looking forward to State and Australian Titles but with Aussies being rescheduled and then cancelled due to covid restrictions across the country, we just had States in

Mooloolaba to focus on. Unfortunately, the carnival was affected by a snap lockdown in Queensland which left SLSQ no choice but to stop the carnival. They did manage to run the Surf Rescue event through to finals and we were extremely well represented in all six age categories of this event. We went on to win five of the six finals as well as many other minor placings however, with only running one event, there was no point score or medals given.

We have started off well again this season and are building towards this year's State Titles at Coolangatta on 2-3rd of July and then Australian Titles in Mollmook on the 21-24th of July. Come along to Coolangatta Beach anytime over the States weekend to watch the action with finals being on the Sunday.

Patron's/Old Boys Report

Hello again everybody. This report is in two parts - one as Patron and one for the Old Boys. As always, it is a great pleasure and privilege to be asked to present these reports.

This season, as with the previous two, was also upset to a minor degree by the ongoing Covid problem. By seasons end we were fortunate enough to have our one and only Old Boys function. This function was an amazing success, with the largest attendance of members, family and friends. There were in excess of two hundred people in attendance.

I will start my report as Patron. As I have said many times, it is a great pleasure and privilege to hold the Honorary position of Patron of North Kirra, especially at this time in my life. What makes my position so fulfilling and joyous, is simply that I can be involved with such committed and talented Committee members. This Committee has been together for five years now. The Committee controls the fortunes of the two elements that make North Kirra Surf Club so successful. Firstly, the Supporters Club, and secondly, the Surf Lifesaving Club. I can assure you this double commitment requires a tremendous workload. Most of you know the Committee, but for those who don't, they are: President: Craig Lowns, Vice President: Paul Nel, Captain: Mick Delahunt, Chief Training Officer: Isaac Ohlson, Secretary: Michelle Nel, Treasurer: Shay Chalmers, Clubhouse Director: Warwick Drew, and Junior Activities Coordinator: Jon Stride. Meagan Lowns is the Operations Manager for both entities, and a non-voting member of the Committee. Her ability and input in every area of the Club is really exceptional. I say it whenever I can, that we at North Kirra are very fortunate to have these people "driving the NK Bus", they all truly give 110%. There are numerous Clubs in the Branches who look up to North Kirra and take their lead from the Club.

Because Covid restricted many activities, the Club had only one opportunity to involve the Old Boys. It may have taken two years to come to fruition, but I can assure everybody that the wait was worth it. The day, May 1st I am sure will go down in North Kirra History. The Club had the privilege of celebrating the lives of three of our members, Don Moore (Life Member), Joe Amos (Life Member) and Des Fanning by spreading their Ashes. There were many family and friends on the beach, and a large contingent watching from the Supporters Club balcony. Club Captain Mick Delahunt organised three, yes three!! IRB Crews to assist with the ceremony. Don Moore's sons and Grandson (Billy Danny and Max), Gavin Doniger (Don was his Godfather), Anthony and Joe (Jnr) Nowak, together with President Craig, Vice Pres. Paul, and other NK members including Alan Hayes, Rick van Kampen and Warwick Drew did a board paddle out and distributed ashes, flowers, wreaths and other items that family and friends had brought along. The Club Flag was raised by Mick after this ceremony, and that was the sign for all on the beach to join in two very rousing choruses of "for they are jolly good fellows" followed by "three hearty cheers". The next ceremony was the Recognition of our thirty-seven Life Members. The Club had a unique Life Members Cap made. What made it unique was the embroidery on the side of the Cap. It showed the number of the Life Member, and the year they were granted Life Membership. Added to this they were presented with a Special Life Membership Badge.

I had the great honour and privilege of calling each Life Member, or the family members of those passed to come forward from the assembled crowd and receive their Cap and Badge from President Craig and Captain Mick. Each Life Member or family representative were warmly received and applauded. Whilst receiving the Cap and Badge, I had the pleasure of presenting a short summary of the contribution that led to them becoming a Life Member of North Kirra. On occasions this commentary, because of my personal knowledge and observations of the recipient caused much laughter and enthusiastic applause from the crowd.

At the conclusion of these presentations, the Club thought it opportune that we remember all club members who have passed over the years. Again, I had the privilege and honour to read these names out, I purposely read them slowly so that everybody could savor their names. There were fifty-four members in total, and all assembled took part in the customary one minute of silence to cherish their memories.

This was followed by Official photographs, taken by our own Cooper Lowns. First photo being the Life Members and family members all wearing their Life Members Caps. Another photo was also taken of just the family members who came to honour their past relatives.

Finally, I would just like to congratulate every member of North Kirra Surf Club for your most valuable contribution during this season. You have heard me say on numerous occasions, a Surf Club is not a building; it is the people in that building that make the Club. Each and every one of you has made a contribution to the success of North Kirra, some are called on to do more, but remember, your contribution is very important to the Clubs continuing success. I am very proud of our "North Kirra family" and I thank you all sincerely for making me part of this special "family" group.

Supporters' Club Report

Another year has quickly flown by and we have continued to be affected by and had to manage the impacts of COVID-19. It is almost hard to remember all the changes we have had to navigate this year, but if nothing else we became very adaptable to the changing conditions around us.

Being located close to the Qld/NSW border, the hard border closure between the states had quite an impact on trade with many tourists and interstate residents unable to visit the club. For those that could visit the club, we had the additional measures in place that needed to be managed like the utilisation of the Qld Check In App and confirming our patrons vaccination status. This all made for a very challenging few months in the first half of the year.

But then we hit the Christmas holiday period and the borders were opened and trade really took off again. We did however have to abide by COVID isolation rules which had quite an impact on staffing availability throughout January particularly. Trading hours had to be amended to cater for the workforce that was available to us. But we have passed on from that now and look to more positive times ahead. The international borders are back open again, isolation rules have been relaxed and visitation to the Club has been strong since.

Like previous years, we have continued to reinvest in the Supporters Club with the removal of the coolroom from behind the bar. It was seriously waterlogged and causing issues to our downstairs ceilings, and with the bathroom renovation underway downstairs, it was time for it to go. We also upgraded our bathroom facilities upstairs, retiling the bathrooms and investing in new toilets, vanities and partitioning across all 3 bathrooms, along with a repaint of the areas. They now look modern and refreshed and will be ready for plenty of use in the years ahead. We also invested in an electronic sign in system to replace the paper-based system that was in place prior to COVID and as this report is being written, we have also just put in automatic entry doors to the Club. This all improves the experience of our patrons upon arrival at the Club.

The biggest achievement this year would have to be the opening of NK Café, downstairs on the beachside of the Club. Operated by the Supporters Club, this additional outlet opens 7 mornings a week, providing coffee and light snacks to the local and passing trade. This expands the income streams of the club and as time goes on, the menu range will expand in line with the growth of the market. This is very popular on weekends, especially during the surf season, and was a hit when North Kirra SLSC was hosting carnivals. We are excited about the future prospects of this new venture.

Staff recruitment, in order to meet our increased trade levels, has remained the biggest challenge this past year. This is an industry wide problem and even extends across many other industries, so we just have to continue to try our best to attract and retain a team in our great venue. A personal thank you to all the team that have given their best over the past year in what have been the most challenging of times. We are often only the messenger but have to face the challenges of the industry, but we as a team we performed well to achieve our results. Congratulations!

Once again, my sincere appreciation to the supportive committee that have that have assisted me to navigate the way over the past couple of years. It has been a tremendous team effort and together we all achieved a strong result again this year.

The Aussies – Youth & Seniors - North Kirra Beach – April 2022

North Kirra hosted not only The Aussies Youth carnival in 2022, but also The Aussies Seniors carnival, following its relocation from Broadbeach/Kurrawa due to swell and weather conditions. It was a massive 7 days, luckily with 2 days off in the middle while the Masters remained at Broadbeach. Due to limited volunteer resources, we weren't able to offer a BBQ on the Wednesday and only a limited sausage sizzle BBQ on the Thursday and Friday, but both weekends we were in full swing and it was very worthwhile for the Club.

Due to the last minute relocation, following a relocation earlier in the year of the whole event from Perth, food trucks were also arranged to come along to offer a broader and increased range of food to cater for the numbers. The BBQ along with the donations received from these food trucks raised valuable funds for the club, with a profit of approximately \$33,000 coming from the event. You can only imagine how many sausages, kilos of bacon, dozens of eggs, burger patties and loaves of bread and dozens of bread rolls went in to making this happen – let alone the manpower to get it all cooked.

A massive thank you to everyone that put their hand up and helped out during the event – we could not have done it without all the support we had. Not to mention all the fun we had along the way too. Thank you must also go to the organising team from SLSA, particularly Brad and Aaron. Their communication and organisation throughout made it easy to co-ordinate and run a successful event together as a team.

2021/2022 Bumper Kermond Handicap Surf Swim

This season we had 20 members compete at various times throughout, with about 6 regulars. The results this year once again show that it pays to turn up – you may not get the points each week, but it makes a difference when you bank a point or two and the opposition doesn't. We had some border issues to contend with at the start of the season, with some NSW members suggesting we start the swim from Point Danger or Duranbah Beach. We also had some changes to the dates later in the season with weather events and the welcoming of The Aussies to our beach, but overall it was a tight one again, with there once again being a tie for 2nd and the next person only 1 point behind. The regulars love the banter and comradery that much that they have agreed to swim once a month throughout the winter season. Congratulations to all of those that had a go this season.

Women in Surf Lifesaving Patrol

This year we celebrated the 2nd year of the All Female Patrol. The beach may have been closed due to the weather/surf conditions, but the amazing surveillance skills of our female members were on display.

The surf was washing up debris and bar fridges amongst many things, following some treacherous weather and recent devastating flooding to SE Qld and Northern NSW. But the day brought not only sunshine, but 12 of our dedicated female patrolling members together for a day of celebration. A lovely morning tea was enjoyed by all and some stayed on afterwards to enjoy a drink together too.

Like last year, all awards required for a patrol were covered entirely by our female members including Patrol Captain, IRB Driver, IRB Crewperson, ART, First Aid, Bronze and SSV and Tractor driver.

On days like these, we also acknowledge all the other female members in our club that may not patrol, but undertake other roles throughout the season that do not go unnoticed. This may be in the form of committee members, nipper roles including Age Managers, Uniform Co-ordinators and many more. Once again, the club couldn't run without the commitment and dedication of these members.

The members that participated in the patrol included Aurah Allard-Delahunt as Patrol Captain, Sarah Bristol, Kobi Dooley, Jennie Jennings, Leearna Patricks, Tash Patricks, Cellina Allard, Katina Clemson, Fianna Wilkinson, Talisha Herden, Meagan Lowns and Brianna Kurtz. Thank you to everyone for attending!

Bathroom Renovation

Our long-awaited bathroom renovation has finally been completed this season. The facilities have been moved out of past and into new modern facilities to cater for the growing club. The process was a very long and noisy one, with copious amounts of concrete to remove before the renovation got underway. We are very pleased with the results that have come from the renovation and acknowledge and thank Clark Construction Group as the builder of this project. We thank them for the ability to adapt plans along the way to suit the club's requirements. From what we had to what we have now in photos.

NORTH KIRRA SURF LIFESAVING CLUB INCORPORATED**Notes to the Financial Statements****For the year ended 30 April 2022**

Note 1: Summary of Significant Accounting Policies**Basis of Preparation**

The Committee has prepared the financial statements of the club on the basis that the club is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the club constitution, the information needs of the beneficiaries and for the basis of preparation of the income tax return.

The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the trustees have determined are appropriate to meet the purposes of preparation. Such accounting policies are consistent with the previous period unless stated otherwise.

The financial statements have been prepared on an accrual basis and are based on historical costs unless otherwise stated in the notes. The accounting policies that have been adopted in the preparation of the statements are as follows:

(a) Property, Plant and Equipment (PPE)

Property, plant and equipment are carried at cost or at independent of committees' valuation. All assets, excluding freehold land and buildings are depreciated over the useful lives of the assets to the trust. Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in members funds. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the income statement. Each year the difference between depreciation based on the revalued carrying amount of the assets charged to the income statement and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

The carrying amount of plant and equipment is reviewed annually by trustees to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have not been discounted in determining recoverable amounts.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss during the financial period in which they are incurred.

(b) Inventories

Inventories are measured at the lower of cost and net realisable value. Costs are assigned on a first-in first-out basis and include direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenses.

NORTH KIRRA SURF LIFESAVING CLUB INCORPORATED

Notes to the Financial Statements

For the year ended 30 April 2022

(c) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

(d) Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets, is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue recognised related to the provision of services is determined with reference to the stage of completion of the transaction at the reporting date and where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

All revenue is stated net of the amount of goods and services tax (GST).

(e) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

(f) Trade and Other Payables

Trade and other payables, including bank borrowings and distributions payable, are recognised at the nominal transaction value without taking into account the time value of money.

(g) Leases

The club as lessee

Leases are classified as right of use assets whenever the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where the lease term is 12 months or less or the lease value is less than \$5000 it will be classified as operating leases.

At inception the rights to use assets held are recognised as such as part of property, plant and equipment in the same way as owned assets. The corresponding liability to the lessor is included in the balance sheet as a lease liability. Lease payments are apportioned between the interest component and the reduction of the lease liability. The interest component is recognised in profit or loss in the period in which it arises.

Rentals payable under operating leases are recognised in profit or loss.

NORTH KIRRA SURF LIFESAVING CLUB INCORPORATED

Independent Auditor's Report

Scope

I have audited the financial report, being a special purpose financial report comprising the Statement of Financial Performance, Statement of Financial Position, Statement of Cash Flows and Notes to the Financial Statements of NORTH KIRRA SURF LIFESAVING CLUB INCORPORATED for the year ended 30 April 2022. The committee is responsible for the financial report and have determined that the accounting policies used and described in Note 1 to the financial statements, which form part of the financial report, are consistent with the financial reporting requirements of the club and are appropriate to meet the needs of the trustees. I have conducted an independent audit of the financial report in order to express an opinion on it to the committee. No opinion is expressed as to whether the accounting policies used are appropriate to the needs of the trustees.

I disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates to any person other than the trustees, or for any purpose other than that for which it was prepared.

My audit has been conducted in accordance with Australian Auditing Standards. My procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements, and the evaluation of significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial report is presented fairly in accordance with the accounting policies described in Note 1 to the financial statements. These policies do not require the application of all Accounting Standards and other mandatory professional reporting requirements in Australia.

The audit opinion expressed in this report has been formed on the above basis.

Audit opinion

In My opinion, the financial report presents fairly, in accordance with the accounting policies described in Note 1 to the financial statements, the financial position of NORTH KIRRA SURF LIFESAVING CLUB INCORPORATED as at 30 April 2022 and the results of its operations for the year then ended.

Kirra**

Thank you to the Sponsors of North Kirra SLSC. Without your ongoing support this season, North Kirra would not have the great equipment and resources that we currently have.

Most importantly, we thank every member of North Kirra SLSC for your contribution. Without your continued effort and dedication to our club, North Kirra SLSC would not be the great little Club that it is. We have some fun, improve our skills and of course keep our beach tragedy free, which is the most important task of all. We look forward to a prosperous Season 2022/23.
